

“New Thing”

Team Record 4-4

The Lions 60 vs. First Assembly 64

"Practice Equals Game Time"

What an exciting game the Lions played, but lost because they did not stay focused and finish strong. In the first period, the Lions started out slow again and ended up scoring only eight points to their opponent's thirteen. Yes, the Lions seem to be establishing a trend of falling behind during the first period then fighting their way back. In order to be a good team, the Lions must learn to master each period with a conquering spirit. Also, they must force their style of play on to their opponent right away and allow their desperation and self- destructive defense to dictate the outcome of the game.

Therefore, the Lions must learn to communicate on defense and offense. The Lions must read and react on defense during the entire game. When they are leading the game, they must not fall asleep and allow their opponent to get back into the game. Also, the Lions must capitalize on their free throw attempts, especially in the latter part of the game. Championships can be won at the free throw line. Concerning offense, the Lions need their guard play that consistently models strong leadership by calling the plays, directing the team appropriately and keeping a level head throughout the game.

Perhaps, through this loss the team will recognize what their coaches have been teaching them through the team motto, “Go all out, all of the time”. Also, the Lions players need to focus on their team effort instead of thinking about their individual performances. Remember: “Champions are on the same page” What about those Lions!

Listed below are the offensive and defensive players of the game, along with the individual scores.
