

**“New Thing” Team Record 6-8**  
**The Lions 59 vs. Cannon 88**  
*"Practice Equals Game Time"*

This game was over in the first quarter due to the Lions' lack of discipline in running their half-court offense. Nonetheless, the Lions worked hard to demonstrated courage, confidence, and character throughout the game. Unfortunately, the Lions' failure to shut down the opposing team guard play reaped havoc during the entire game. Yet, they never “gave in nor gave up” and worked diligently to “finishing strong”.

Consequently, the Lions learned a lot through this loss, at the hands of a worthy opponent. The players know they need to improve in the area of defensive transition, which will give them the opportunity to shut down the opposing team's fast breaks. Also, the Lions know they need to execute better on offense and be patience when the opposing team takes away their first offensive option. Trusting their teammates on offense is essential. The Lions must now take this information and implement it with a sense of urgency, remaining committed to being "defensive minded" and making good decisions.

Because they know that they are more than *Conquerors* on the court as well off of the court, there is still time for the Lions to stand up and received what has been promised.

Listed below are the offensive and defensive players of the game, along with the individual scores.
